

INTERCULTURAL GATHERING FOR MUSIC CREATIVITY AND EXPRESSION

26-28.08.2022 FREDERIKSBERG & COPENHAGEN

The Voicingers Festival consists of **WORKSHOPS, CONCERTS** and **LIVE MUSIC NIGHTS**.

The **WORKSHOPS** are intended for singing musicians and focuses on vocal improvisation, offering participants a new methodology, regardless of their technical or musical advancement.

The **CONCERTS** are open to the public and will present some of the best European jazz artists mainly from Denmark and Poland, but also Columbia, and Hungary.

In the evenings after the concerts jam sessions (**LIVE MUSIC NIGHTS**) are organized with the accompaniment of a workshop rhythm section and teachers from the Voicingers festival.

The culmination of our three day festival of musical experiences is a final concert of workshop participants and teachers which will be recorded both in audio and video.

THE HISTORY OF VOICINGERS

The Voicingers Festival has existed for over a decade. Throughout its 13-year history, it has grown from a jazz competition in Poland into an active organizer of cultural and educational activities in European and Asian countries, under the name **VOICINGERS ON TOUR**. It has so far been a place of interaction for hundreds of workshop participants and over 250 musicians from all inhabited continents.

WHO CAN PARTICIPATE?

No matter what kind of music you love or where you currently are on your musical path, the Voicingers vocal **WORKSHOPS** are an artistic space that will open your mind and broaden your imagination and perception of the world of music around you.

Participation in our workshops is full of inspiring meetings with wonderful people as well as wise and experienced teachers both **LOCAL AND FOERIGN**. There are 5 hours of meetings every day, the last of which is listening to music together – sharing inspirations that are important to us. The classes are tailored to your needs, so please write about yourself when registering.

During Voicingers workshops you can experience elements of free **IMPROVISATION**, rhythms of the world, the **JAZZ** mainstream, English pronunciation and the art of making your voice heard, called gloomily vocal emission, which will all enrich you as a creative and sensitive person.

Our workshops are a space for music-making both for those whose adventures with sounds is just beginning and for those who have experimented with their energy for a long time as a performer familiar with being on stage.
